Patent and Trademark Office  
ASSISTANT SECRETARY OF COMMERCE AND  
COMMISSIONER OF PATENTS AND TRADEMARKS  
Washington, D.C. 20231

Patent No.: 7,432,642 B2  
Applicant : Yoshinori Murazaki  
Issued : October 7, 2008  
For : **SEMICONDUCTOR LIGHT EMITTING DEVICE PROVIDED WITH A LIGHT CONVERSION ELEMENT USING A HALOBORATE PHOSPHOR COMPOSITION**

Re: Request for certificate of correction filed September 23, 2009 approved in part

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rules 1.322 and 1.323.

The inventor's and/or assignee's address is printed in accordance with the record, and is printed in accordance with the present style for printing, since only the city (shi), and foreign country are printed, and since suffixes such as "fu" or "ken" (state), and "shi" (city), etc., are not printed, which is an editing change in accordance with the present style for printing. Furthermore, another political unit is printed, only if no city is indicated. Therefore, no correction is in order here.

A ceritificate of correction will be issued to correct the remaining errors in your request.

Further correspondence concerning this matter should be filed and directed to:
